Aitor Olivos: Engineering toward a more inclusive and sustainable future

About me

I am a 20 year-old at the beginning of my engineering courses in Mathematics and Computer Science at ENSEEIHT.

Interests

I am fond of Computer Science challenges. Moreover, I have a particular interest in software systems through software engineering.

SHORT RESUMÉ

2023–2025

MPI Preparatory Class Student

CPGE THIERS · Marseille, France 

The Mathematics, Physics and Computer Science (MPI) preparatory class was a theoretical course that prepared me for the entrance exam of EN-SEEIHT. Hence, I acquired a foundation of scientific knowledge that is still useful for the rest of my academic path.

2025–2028

Engineering student

ENSEEIHT · Toulouse, France 

I am currently in my first year as an engineering student at ENSEEIHT. My engineering courses come from both the Soft Skill Center department and the Computer Science department.

SOFT SKILLS

Critical Thinking

Analyze objectively, question assumptions, and make fact-based decisions.

Resilience

Bounce back from setbacks, adapt to change, and remain productive under pressure.

Perseverance

Stay committed to long-term goals despite obstacles or delays.

Sociability

Build positive relationships, communicate effectively, and collaborate.
